

## Memorandum

To: Provosts and Chief Academic Officers

From: Paula K. Compton Ph.D., Associate Vice Chancellor

Date: March 1, 2022

Subject: Endorsement Survey: Supply Chain Management Learning Outcome addition

---

**Background Information:** Each year the Ohio Department of Education's career-technical content standards are reviewed in different subject areas. This year, the business pathway was examined. As this involved the updating of course content, postsecondary faculty have been brought in to review these programs to determine if the existing learning outcomes previously endorsed by Ohio Public Institutions, were also in need of updating. During the review, our lead faculty expert determined that an additional learning outcome was appropriate for the Introduction to Supply Chain Management Career-Technical Assurance Guide (CTAG) course.

**What We Need from You:** This memo addresses the need for statewide endorsement of an additional learning outcome for the Introduction to Supply Chain Management CTAG course from the Supply Chain Management CTAG. Please arrange to have an appropriate faculty at your institution complete the survey as soon as possible **but no later than Friday, March 11th**. We are collecting **only one representative** response per institution.

A copy of the learning outcomes, both current and proposed, with alignment is attached for reference. Jeremy Banta, at Columbus State Community College serves as our lead faculty expert for the review of this CTAG.

The online survey is available through the following link:

<https://www.surveymonkey.com/r/2RY283V>

The attached PDF of the survey is for reference only. Please use the included link to complete the survey. Thank you for your assistance with this important matter. If you have any questions regarding this survey, please contact Kristi Conrad, Senior Associate Director of SCTAI, at [kconrad@highered.ohio.gov](mailto:kconrad@highered.ohio.gov).
